

# Europe needs a new HEART

A photographic exhibition in the context of the General Assembly of the European Anti-Poverty Network (EAPN)

Instituto Superior de Psicologia Aplicada,  
Lisbon, June 2011

On the 22<sup>nd</sup> January 2011 an e-mail was sent to every member of the EAPN Exco. In this e-mail an explanation about this event was provided together with a concept paper. Briefly, we asked the Exco members to: find a national photographer and invite him / her to participate in this exciting exhibition. We're counting to have professional photographers and, in some cases, well known photographers but we do not exclude the semi-professionals or even amateurs particularly when it becomes difficult or impossible to count with the generosity of professional photographers. The deadline for submitting the photographs is the 28<sup>th</sup> February.

This is the "state of the art" on the 31<sup>st</sup> January 2011.

Knowing that the dead line for sending the photographs is the 28th February (a lot of work must be done afterwards), we would like to kindly ask you to let us know if you found already the photographers and if you need any extra information or support. If you're not the best person to follow this subject in your network, please provide us the best contact. Don't hesitate to contact us: [sergio.aires@reapn.org](mailto:sergio.aires@reapn.org) and [julio.paiva@reapn.org](mailto:julio.paiva@reapn.org).

Remember that the success of this initiative is quite dependent on your strong and committed collaboration. Can we count on you? We're quite sure we can ("yes, we can!", if you prefer).
