

## Yes to an Active Inclusion based on rights! Promoting EAPN Principles on Active Inclusion

EAPN seminar on Active Inclusion  
13 June 2008 - Paris

CC 19/05

### Rationale:

- EAPN has been strongly involved in the discussion regarding the **Commission initiative on Active Inclusion**. We welcome the initiative of the Commission, which is likely to give a new impetus to the fight against poverty and social inclusion by promoting the notion of active inclusion, defined as a policy mix bringing together adequate minimum income, access to employment when possible, and access to quality services. This proposal seems full of potentialities to us, and we want to promote its full understanding and implementation, in a political context where we fear that Active Inclusion could be reduced to a focus on harsher activation policies. During the last year, EAPN has been implementing a campaign on Adequate Minimum Income stressing the need that full political attention is given to the issue of income within this new strategy.
- In the second semester of 2008, the French presidency is planning to adopt **Common Principles** on Active Inclusion at the Council conclusion on 15-16 December.

### Purpose:

- The main purpose of this seminar is to **promote and illustrate EAPN's vision of Active Inclusion** to policy makers. It will be the first step of our lobbying strategy aiming at building momentum for lobbying around our vision of active inclusion, in order to have an impact on the content of the common principles to be adopted in the end of 2008.
- This seminar also aims at **capacity building in the Network** regarding Active Inclusion (awareness raising of the policy potentiality of the Commission initiative, mutual learning regarding the realities on the ground and NGOs actions already putting into practice our vision of active inclusion).

### Participants:

- All full Social Inclusion, Employment and Structural Funds working groups (3 X 25 people) plus some Executive Committee members, members of the services working group, as well as invited people from France (approximatively 85 people).

### Preparatory document:

- EAPN secretariat will make available before the meeting a short **briefing**.
- National Networks will be asked to respond to a set of questions in preparation of the meeting. **Country sheets** will be on display at the meeting.

### Outcome:

- Adopted set of "EAPN's shadow common principles on Active Inclusion".
- Conference report with examples from the national context.
- Improved understanding of the key necessary elements for an effective Active Inclusion strategy.

Event organized with support the European Commission and...
