

What the society wants.

Let there be chance, security, unity.

...

- 1. Real opportunity and not only hope for the access to decent jobs providing secure living conditions.**
- 2. Equal quality public education regardless on the place of living and social status which prepares pupils for the requirements of life.**
- 3. Employment services and trainings which provide a real second chance for finding jobs.**
- 4. Social services which are available for all in need and provide real support.**
- 5. Dignified old age. Planned, secured pension system which ensures decent living conditions and considers social problems and challenges.**
- 6. Immediate stop to growing poverty among families and children. Complex development plans for fighting poverty.**
- 7. Equal conditions in the credit-crisis, shared burdens and responsibilities with banks.**
- 8. Safe housing, social housing, support to sustainable developments which may contribute to the reduction of costs of living.**
- 9. Increased control on conditions for credits and institutions providing consumer credits, strict punishment on usury.**
- 10. Considering the shortages of transition and the social impacts of the economic crisis when planning the future.**
- 11. Introduction of adequate and guaranteed minimum income scheme.**
- 12. Ensuring the necessary conditions for social participation, real dialogue, considering people experiencing poverty as real partners.**

Chance, Equal opportunities, Solidarity!
