Seguimiento del encuentro de participación 2- Desarrollo de propuestas para mejorar la participación en organizaciones locales y nacionales.

1 y 2 de octubre de 2009, Madrid

Introducción

El plan estratégico de 2008-2011 y el programa de trabajo 2009 identifican la participación sobre las prioridades del desarrollo de la red. Para definir esto, en 2008 se ha publicado un libro *Pequeños pasos, grandes cambios. Profundizar en la participación de las personas en situación de pobreza*, y se han planeado tres encuentros en el 2009 para reflejar la participación dentro de EAPN

EAPN organizó el 3 y 4 de abril el encuentro de reflexión sobre la participación donde 23 redes nacionales se presentaron con 45 participantes (dos personas por delegación incluyendo una persona que experimentara la pobreza y un miembro de EXCO o persona responsable para el desarrollo de la participación en la red nacional) El encuentro reflejó el fomento de la participación de las redes nacionales y de EAPN, teniendo en cuenta el entendimiento de participación, los logros y objetivos y las propuestas desarrolladas.

Al profundizar sobre los resultados de este primer encuentro, se planeó hacer dos encuentros de seguimiento para el 2009. Estos encuentros de seguimiento unen desde primer encuentro a participantes que tienen experiencia en el desarrollo de la participación nacional y / o europea de personas que experimentan la pobreza. Los encuentros se celebran de acuerdo al mismo formato (Una persona en situación de pobreza y un miembro de EXCO o persona responsable de la participación en las redes nacionales) y utiliza el mismo sistema de traducción consecutiva.

El primero encuentro de seguimiento, que se celebró en Bruselas el 26 de junio de 2009, se centró en el desarrollo de la participación en el trabajo europeo de EAPN. La conclusión fundamental del encuentro fue que EAPN debería realizar una estrategia para el desarrollo de la participación de personas que experimentan pobreza en su trabajo europeo y envió este documento al Comité Ejecutivo para su debate. Los participantes esperaron también la reunión de coordinadores nacionales para los encuentros de personas que experimentan la pobreza el 27 de junio y ofreció su evaluación del 8º encuentro europeo.

El segundo encuentro en España se centrará en el fortalecimiento del trabajo de participación a nivel nacional.

Objetivo de la reunión.

El encuentro tiene por objeto identificar qué propuestas, desde el encuentro de reflexión de abril, son aplicables al trabajo de EAPN y desarrollar recomendaciones concretas para el Comité Ejecutivo sobre identificar y difundir la práctica de aumentar la participación de personas en situación de pobreza en el trabajo de las redes nacionales y desarrollar de directrices para las redes que desean seguir este trabajo.

Los primeros resultados se presentarían en el Comité Ejecutivo y se compartirían en otro gran encuentro en 2010.

Participantes y preparación

Los encuentros de seguimiento tienen por objeto profundizar en las experiencias de incorporar la participación en las Redes Nacionales y por tanto, las redes que tienen o están en proceso de realizar un acercamiento coherente a la participación estarán invitadas a compartir su conocimiento y proponer juntas unas directrices prácticas para mejorar la participación de personas que experimentan la pobreza en las redes nacionales y los miembros de sus organizaciones.

Este encuentro profundizará en el intercambio del 3 y 4 de abril llevando el trabajo un paso más allá y centrándose en las propuestas. Por esta razón los participantes en los encuentros de seguimiento deberían conocer bien el trabajo de su red nacional y tener un buen conocimiento del trabajo de participación en la Red Nacional.

Más concretamente, los participantes deberían:

- Haber trabajado sobre participación y tener experiencia en su red nacional o a un nivel europeo.
- Conocer bien la red nacional, su estructura y su relación con EAPN Europa
- Estar informado sobre cómo trabaja EAPN
- Estar informado sobre la política y trabajo de presión de la Red Nacional.
- Haber analizado conjuntamente el informe de la reunión de reflexión de la participación
- Conocer el trabajo de la Red Nacional para desarrollar y promover la participación de personas que experimentan la pobreza.
- Representar a un representado/ grupo, no solamente sus propias opiniones.
- Estar dispuesto y querer contribuir al desarrollo de directrices para fortalecer la participación de personas que experimentan la pobreza en el trabajo de las redes nacionales y EAPN
