NOTE 1: in **blue** countries who received CSRs on poverty, in **red** countries where the risk of poverty and social exclusion was very high but did not receive CSRs on poverty.

NOTE 2: in 2011 and 2012 there were no communications from EC on Poverty CSRs; countries who got CSRs on poverty these years are hyperlinked to the respective CSRs (click on the cells).

NOTE 3: Numbers in the cells refer to the risk of poverty and social exclusion in those countries that received CSRs on poverty in that year, expressed in percentage. These percentages refer to the year before CSRs report are out (for two reasons: 1. Because it is supposed that the first step is evaluation of the social situation during year X and after that the European Commission gives its recommendations during year X+1; 2. Data on poverty from Eurostat for that year is updated after CSRs are out). Source: Eurostat<sup>1</sup>.

NOTE 4: (-) : data not available
