

General Assembly, Policy Conference, EXCO, EUSIG, Capacity Building Working Group Meeting in Vienna

Practical information for the meeting 26. bis 29. September 2018

Public transport in Vienna:

We have to ride by bus, tram, or underground from the different hotels to the different meeting venues, two times each day, on Thursday evening we will have dinner together in a social enterprise called “**Kantine in der Ankerbrotfabrik**” and on Friday in a typical Vienna Pub called “**Grünspan**”, to go to these places we have to use the public transport system. So please buy yourself a weekly pass at the airport for the city of Vienna and a single ticket from the airport to city boundary (depending from your departure) > see instructions below.

Information about Tickets for the public transport:

ARRIVING ON THE AIRPORT

For minimal costs use City-Train 7 (“S7”) (direction “Laa/Thaya” or “Wolkersdorf”), every 30 Minutes always 12 minutes, or 42 minutes after the full hour, or the Austrian Railroad to the Central Station, or station Meidling, about the full hour and 30 minutes after the full hour > You can buy tickets at the red machines in the train station > Please see the information about **Tickets** below.

The really high prizes alternatives, if you have too much money.

The City Airport Train (green) for one way single Ticket 12.00€

The Bus single Ticket 8,00€

Tickets from the Airport:

Please buy yourself one weekly pass (17,10 €), – if you arrive on Wednesday, and you will stay till Saturday, or Saturday. In every way a weekly pass in combination with the short track ticket to the Vienna boundary is the cheapest way to be mobil in Vienna.

The weekly pass costs 17,10€ (you need to get Euro at the Airport to buy the ticket or you can pay with creditcard – not always works!). The short track from the airport to the boundary costs 1,80€.

Just in front of departure to the train in the main arrival hall there is a red ticket shop from the railways with helpful employees.

Do not forget to buy such a short track ticket from the city limits to the Airport when you are leaving.
