In this workshop we invite you to think along.
We have no influence on many things,
but what can we do?
The challenge is in that simple question: How?

- > How do we make hidden poverty visible?
- > How can we support people in poverty?
- > How does Onze DROOM help prevent social exclusion?
- > How do we recognize the citizen who needs help?
- > How do we create the step to participation?

And the important question: "What can you do / do you want to do yourself?"

14.15-14.30 Pause

14.30-15.15 Short introduction to the European Pillar of Social Rights
Conversation groups continue

15.15-15.45 Feedback and termination
