

Strengthening participation in National Networks

Methodology

- adapt methods of organizing meetings of groups/structures
- develop a supporting toolkit on participation based on good practices of National Networks
- identify approaches that work best to involve people in organizations
- reflect on the Network's mission, vision, objectives and actions of the Network

discrimination (gender/economic status/health/age/ethnicity and race)

- identify good practices of engaging people from migrant groups
- think how to engage young and old people and how to reflect on child poverty
- help create self-help organizations which can be integrated in the national network
- reflect on the impact of living place on the inclusion
- evaluate the diversity of the network and revise the membership criteria to make the networks more inclusive

Leadership and solidarity

- Reflect how leadership is supporting participation of people experiencing poverty
- analyze how difference of resources and capacities of organizations strengthen solidarity in the organization
- set-up solidarity funds to facilitate better engagement of individuals and smaller organizations (affirmative actions)
- develop principles of inclusive leadership structures that encourage participation

organizational framework

- reflect on the historic context of the creation and mission of the organization
- set up a working group to revise the statutes and rules of procedure of the organizations to reflect the place of people experiencing poverty
- set-up a 50/50 represented board
- set up an advisory board of people experiencing poverty
- think about how different groups of people experiencing poverty are engaged
